Introduction

As an NHS Bursary student, you will normally have to undertake practice placements as part of your course and you may be entitled to have some of the cost of journeys between your normal term-time accommodation and your practice placement site reimbursed.

If you have to stay in temporary accommodation, away from your normal accommodation, in order to attend your placement, you may also be able to receive reimbursement for these costs, up to a set maximum rate.

Reimbursing placement travel costs

The total cost of your daily return travel from your normal accommodation to your practice placement must be more than the cost of your normal daily return travel from your normal accommodation to your university for you to receive any reimbursement of your travel costs. This also applies if you are a part-time student and you only travel to university a few days per week but you attend a placement on a full time basis. Your daily return travel costs to your placement must be more than your daily return travel costs to university or your claim will not be reimbursed.

Example 1:

<table>
<thead>
<tr>
<th>Journey</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Term-time residence to and from normal place of study</td>
<td>£3.00 per day</td>
</tr>
<tr>
<td>Term-time residence to and from practice placement site</td>
<td>£2.50 per day</td>
</tr>
</tbody>
</table>

No reimbursement can be claimed as the daily cost of travelling to the placement is less than the normal daily travel cost.

Example 2:

<td>£3.00 per day</td>
</tr>
<tr>
<td>Term-time residence to and from practice placement site</td>
<td>£7.50 per day</td>
</tr>
</tbody>
</table>

Reimbursement can be claimed because the daily cost of travelling to the placement is greater than the normal daily travel cost.

The table below shows what you will normally be able to claim if the cost of your placement travel is in more than you usually pay.

**London universities**

*Please note:* if you attend one of the following London-based universities and you are *not* a medical or dental student, you should *not* make a claim through NHS Student Bursaries. Your university is responsible for the reimbursement of any practice placement expenses so please contact them to find out what their policy is.

- Bucks New University
- City University (St. Barts)
- Brunel University
- Guys and St. Thomas
- Imperial College London
- Kings College London
- Kingston University & St. Georges Hospital
- London Metropolitan University
- London South Bank University
- Middlesex University
- UCL Eastman Dental Institute
- University College London
- University of East London
- University of Greenwich (*not including the Medway campus*)
- University of West London (*not including the Reading campus*)

**Method of travel**

Students are expected to travel by public transport where it is reasonably practical to do so, but the costs of using a private motor vehicle may be claimed if your university agrees in advance that it is not reasonably practical for you to use public transport. It is your responsibility to ensure that you have adequate insurance cover for all risks associated with the use of your motor vehicle.

Students travelling by private motor vehicle should understand that they do so at their own risk. The reimbursement of the costs of travel by private motor vehicle do not constitute any acceptance of liability by your university, the NHS Business Services Authority or any other NHS body.

Students should use the most direct route available to them when travelling to and from their placement, whether travelling by public transport or private motor vehicle. If we decide that the mileage being claimed is incorrect or inaccurate, we will always use the information provided by Google Maps to check the most direct route available. Your claim may be amended by your university or ourselves. We will always inform you in writing if we have to amend your claim amount for any reason.
Car hire

You can only claim the cost of hiring the car, the cost of any petrol that you have used and the cost of car parking/tunnel tolls. You cannot claim the mileage rate when using a hire car.

Travel by taxi

We will not reimburse any costs you have incurred when travelling by taxi unless this has been specifically recommended and agreed by your university as the only means available of travelling to your placement.

Temporary accommodation

Students who started their course before 1 September 2012

You can claim excess accommodation costs if you have to live away from your normal accommodation whilst on placement and are obliged to meet the costs of both your temporary (placement) accommodation and of your normal (term-time) accommodation.

For temporary accommodation the costs that can be reimbursed will be one of the below:

- the actual cost of the temporary accommodation
- the cost of retaining your term-time accommodation (if that is greater)

You will be asked to provide proof of these costs and the periods that they cover and you will be reimbursed for the total cost of your practice placement address, up to a maximum of 110% of your term-time address cost.

If you normally live with your parents during term-time, the cost of your term-time address is normally set at £20.00 per day (£30.00 per day for universities in the London area) and payment will be made at this rate, if appropriate.

If you move to your parents’ home for the purpose of attending your placement, you will not be able to claim for any accommodation costs.

You can also claim the cost of one return journey each week between your temporary (placement) accommodation and your normal (term-time) accommodation, and, if your temporary accommodation is separate to your placement site, the cost of daily return journeys between these two locations.
Students who started their course on or after 1 September 2012

If you have to live away from your normal accommodation during a period of practice placement, you can claim for the cost of any temporary accommodation on or near your practice placement site if it is not practical for you to travel there from your normal (term-time) accommodation each day.

If you move to your parents’ home for the purpose of attending your placement, you will not be able to claim for any accommodation costs.

You can also claim the cost of one weekly return journey between your normal term-time accommodation and your temporary accommodation, plus the cost of daily travel from your temporary accommodation to your placement site (provided the cost of that travel is more than the cost of daily travel from your normal term-time accommodation to your usual place of study).

You must provide evidence of the cost of your temporary accommodation, such as official receipts showing the amount(s). If possible, these should at least show your name, the address of where you stayed, the cost of the stay and the dates. This information should be on an invoice, receipt or headed paper.

If you do not provide the relevant proof to support your claim, your university will not be able to send your claim to us for payment. If you cannot obtain the required proof then your claim will not be considered.

Accommodation rates

Temporary accommodation costs for students who started their course on or after 1 September 2012 will be reimbursed at the following maximum rates.

<table>
<thead>
<tr>
<th>Commercial accommodation (e.g. hotel, bed and breakfast)</th>
<th>Non-commercial accommodation</th>

Making a claim

1. Please refer to this guidance whilst completing your claim form.
2. Once you have completed the form, make sure you take a copy of your claim plus all supporting evidence. Keep this safe, as you may need to refer to it in future.
3. Print a copy of your student coversheet, which is available from the ‘Documents’ section of your BOSS account and include it with your claim form.
4. Pass your original claim form to your university course administrator, who will arrange for your form to be authenticated and have Section 9 completed. They will then send it to us for assessment and, if appropriate, payment.

Important

All Practice Placement Expenses claim forms **must be received by us within six months** of the final date of the placement you are claiming for, so please ensure your claim is submitted to your university in good time. Otherwise, you will not be reimbursed for any of your costs.
Do’s and don’ts

Do refer to this guide whilst completing your form. If you don’t complete the form correctly and in full, there will be a delay to your claim being processed.

Do remember to submit your claim form(s) within the six month timescale.

Do return your completed form to your university for them to check and endorse.

Do remember to attach a copy of your student coversheet (which has your unique barcode on) to your claim form before handing it to your university.

Do keep copies of your form and any accompanying receipts/evidence before passing your claim to your university.

Do remember to sign and date your form at Section 8 and include any relevant receipts for public transport or accommodation costs to support your claim.

Do ensure that you have adequate insurance cover if you are travelling to your placement using your own private motor vehicle.

Don’t complete or submit a claim form if your total travel costs to your placement are equal to or less than your normal daily travel to university (unless you are claiming for accommodation costs only).

Don’t complete a claim form if you are an EU Fees Only student as you are not entitled to claim Practice Placement Expenses.

Don’t submit a claim if you are not in receipt of an NHS Bursary in the academic year in which the claim period falls.

Don’t complete a claim form if you are a seconded student as you are not entitled to claim Practice Placement Expenses from us.

Don’t complete or submit a claim form if the last day of the placement period you are claiming for was more than six months ago as you have missed the deadline to claim. Your form will not be processed under any circumstances.

Don’t send your form to us directly – your university will do this.

Don’t submit a claim to us if you attend one of the London-based university campuses listed above (unless you are a medical or dental student).

3. Details of normal daily travel to and from study

All students must complete this section in full.

**Full address of your place of study**
Please enter the address of your place of study. This will normally be your university or the actual site or campus you attend on a regular basis for lectures etc.

**How do you travel to your place of study?**
Please indicate your usual means of travelling to and from the above location e.g. own car, bus, train, cycle, walk etc.

Please also indicate if you travel by free bus to and from university or if you receive a lift from someone else by entering ‘free bus’ or ‘lift’ in the box.

**If you use public transport please indicate the cost of your daily return journey**
Please enter the total cost of your public transport fares for your usual daily journey to and from your normal place of study.

We still need to know your daily costs even if you are a part-time student and you only travel to university a few days per week.

**If you drive or cycle to university please indicate the daily return mileage**
If you car share or receive a lift to university, you must still show your daily return mileage in the relevant box in this section. This is because we will use the mileage you have indicated to calculate your normal daily return travel costs to and from university. This will help us to determine whether or not your daily placement travel costs are in excess of these.

**Other costs incurred for tunnels, toll roads and car parking etc.**
You should not include any additional costs which are not part of your usual daily travel i.e. if they only occur once or very infrequently do not enter them here. An example of this could be you had to use a different route on occasion due to roadworks and so could not avoid using a toll road or tunnel temporarily.

**University travel schemes**
If your university offers full or part reimbursement towards the cost of your daily travel to and from your place of study, you must still state the full cost of this, before reimbursement, in the relevant box/es in Section 3 above.
### Car sharing
You should still indicate the actual return daily mileage from your term-time address to your usual place of study, as we need this information to determine whether your placement travel costs exceed your normal travel costs to university.

### 4. Details of travel to and from your practice placement

Please provide your university with receipts if you are claiming for public transport or car parking costs.

If you are claiming for more than 20 journeys, please print off and complete additional copies of this page of the claim form, as required.

**Total daily mileage**

If you travelled to your placement in your own private motor vehicle, please indicate in this column your total daily mileage to and from your placement site for each date you travelled.

If you are claiming for the cost of using temporary (placement) accommodation, you can **only** claim for the cost of **one return journey per week** between your temporary (placement) accommodation and your normal (term-time) accommodation.

You may also claim for journeys between your temporary accommodation and your practice placement site if you incur mileage or public transport costs to travel between these, but you cannot claim for any other journeys.

The cost of these journeys **must** be more than the cost of your normal daily travel to and from university otherwise you will not be reimbursed.

**Return daily mileage to placement site**

Additional mileage/travel costs may be claimed if you have to travel to other practice placement sites, and/or to patients' home addresses. You only need to provide daily mileage totals in this column. Please do not provide individual patient addresses.

**Community mileage**

Please note: any community mileage incurred must still exceed the cost of your daily mileage to and from your normal place of study. Community mileage on its own will not be reimbursed if it is not in excess.

6. Details of accommodation expenses

6a - All students must complete this section in full.

Were you living at a different address whilst on practice placement?

Only tick ‘Yes’ if you moved to temporary accommodation for all or part of your placement period. If you travelled to your placement each day from your usual term-time address, tick ‘No’ and go straight to Section 7 of the form.

Do you live with your parents during term-time?

If you normally live with your parents during term-time, please tick ‘Yes’.

Address where you stayed whilst on practice placement

Please enter the full address of your temporary accommodation i.e. the place where you stayed in order to attend your placement, including the postcode.

Period claiming for

Please enter the start and end dates of this particular claim.

Please note: If you will be on a long placement e.g. for several months, and prefer to claim for shorter periods at a time rather than wait for the placement to end before you are reimbursed, you can make several smaller claims in order to receive part-reimbursement as you go.

Please ensure if you are doing this that your claims do not overlap.

What was the cost of maintaining your temporary accommodation whilst on practice placement?

Please enter the total cost of your temporary (placement) accommodation for the claim period you have entered above. You must attach evidence of your accommodation costs, such as recent invoice(s) or bill(s) from the relevant provider for the period concerned.
6b - This section is **only** to be completed if you started your course on any date **before** 1 September 2012. If you started your course on or after this date, please go straight to Section 7b of the claim form.

---

**What was the cost of maintaining your normal accommodation whilst on practice placement?**

Please enter the total amount you paid for your normal term-time accommodation whilst attending your placement during this claim period. This figure will be used to determine whether you can be reimbursed for the full cost of your placement accommodation or the cost of your normal accommodation (plus 10%).

You will always be reimbursed for the lower amount of the two.

You **must** include evidence of your normal (term-time) accommodation, as well as evidence of your temporary accommodation as per section 6a, unless you normally live with your parents during term-time. **This could be a copy of your current tenancy agreement or a mortgage statement, if you own your own home.**

**Please note:** If you usually live with your parents during term-time the cost of your normal accommodation is set at £20.00 per day (or £30.00 per day if you study at a London-based university). Payment, if appropriate, will be made at this rate. Your bursary should already have been assessed at the parental home rate.
### 7. Summary of claim

Students commencing courses from 1 September 2012 onwards can claim the difference between the cost of travelling to and from university and the cost of travelling to and from their placement or, if applicable, their temporary accommodation.

To work out the total amount of travel costs you can claim, deduct the total equivalent cost of travelling to and from university from the total cost of your placement travel for this claim period and enter the result in this section.

Total accommodation costs

If you have claimed for temporary accommodation costs whilst on placement, please enter the total cost for this claim period here – as per the figure you have given at Section 6a.

If you are not claiming for any accommodation costs please enter ‘0.00’ in the box.
8. Student’s declaration

All students must complete this section.

Please read the declaration in full and then sign and date it with today's date in the relevant boxes underneath.

9. University authorisation

Your university will complete this section after you have handed your claim form into them.

A final reminder

You must hand your form to your university for authentication. Please do not send it to NHS Student Bursaries yourself - your university will do this on your behalf.

Please be aware that all claims must be submitted to your university within six months of the last day of the placement period you are claiming for, otherwise they will not be paid.

Please ensure you have:

• included all receipts and any evidence of accommodation costs, where applicable
• completed all the sections of the form that are relevant to your claim
• taken photocopies of your form and any receipts/evidence before handing them to your university
• attached a copy of your student coversheet (containing your unique barcode) to the front of your form
Timescales for processing PPE claims

We aim to assess PPE claims within 20 working days of the forms being scanned into our system. Please note it can take up to one working day for your claim to be linked to your Bursary Online Support System (BOSS) account after they have been scanned.

We will check your eligibility for reimbursement of PPE and ensure the claim is in order and correctly completed and certified.

We will then assess the claim which will result in one of three outcomes listed below:

- **‘Rejected’** means that your claim has been refused. If we decide a claim is not appropriate we will firstly contact the authorised officer at your university by phone to discuss the reason we believe the claim should be rejected. If it is agreed that the claim should be rejected we will then contact you by phone and follow this up with an email to explain and confirm our decision.

- **‘Pended’** means that we need to have additional evidence or answers to outstanding questions before we can complete the claim. If the claim is pended then we will contact either you or your university explaining what action is required. If it is agreed that any amounts should be changed we will follow this up with an email to you to explain and confirm the decision.

- **‘Approved’** means that your claim has been approved and you will now be able to view your entitlement in the Payment Schedule in their BOSS account. We will pay the total of the PPE claim to you on the next weekly payment run following assessment (within 10 working days of the claim being assessed). We will then inform you by email of the date the payment will be made to your bank account.

**Claims must be received by us within six months of the last day of the placement or they will not be reimbursed.**

We post and tweet the dates we are up to with scanning your documents (including PPE claims) daily.
